## **SECTION I – INTRODUCTION**

### **1.1 Introduction**

The Early Learning Coalition of Polk County (the Coalition) invites companies to submit proposals for Curriculum Expansion and Implementation outlined in the Scope of Services to the Early Learning Coalition of Polk County offices located in Polk County. In order to be considered, written proposals using the format described herein must be received by 4:00 P.M. Eastern Standard Time September 12, 2023, at the Early Learning Coalition of Polk County office at 115 S. Missouri Ave., Suite 201 Lakeland, FL 33815.

### **1.2 Background**

In 1999, the Florida Legislature passed the School Readiness Act. The Act created the Florida Partnership for School Readiness. In addition, the Act called for the creation of local school readiness coalitions whose goals were to improve the readiness of children when they enter school.

With specific membership designated by Florida Statutes, 57 school readiness coalitions were formed throughout the state covering all 67 counties.

In 2001, the Florida Partnership for School Readiness was transferred from the Executive Office of the Governor to the Agency for Workforce Innovation for administrative purposes. The funds for the Pre-Kindergarten, subsidized Child Care, Even Start, First Start, Migrant Pre-Kindergarten, and other programs were managed by the Agency for Workforce Innovation and distributed through the local coalition.

In early 2005, the State passed Voluntary Pre-Kindergarten (VPK) legislation, which placed local responsibility for the VPK program with the local school readiness coalitions. The coalitions have been renamed “Early Learning Coalitions” to reflect their greater role in meeting the early care and education needs of children and their families. To date, through the merging of Coalitions, there are now 30 Early Learning Coalitions throughout the state. Coalitions now fall under the direction and funding of the Division of Early Learning (DEL), a part of the Florida Department of Education.

The Coalition is charged with assessing the early care and education resources available in our community and developing local plans to address identified needs of children and their families. The Early Learning Coalition of Polk County plans, funds and administers a system of services designed to help ensure that children are ready for school when they enter kindergarten. In addition, the Coalition helps give parents support services to enable them to be stable and strong.

The Coalition’s budget for School Readiness and VPK combined is over \$40 million. We normally have between 300 and 400 active providers. This budget is funded by a mix of federal, state and local grants. The Coalition is charged with using this funding effectively and efficiently to achieve program goals.

### **1.3 Statement of Purpose**

The objective of this Request for Proposal (“RFP”) is to procure an order for Curriculum Expansion and Implementation to provide the most advantageous solution for the Early Learning Coalition of Polk County.

### **1.4 Prohibition of Lobbying**

## **SECTION II – SCOPE OF SERVICES**

### **2.1 Scope of Work**

The Early Learning Coalition of Polk County is requesting proposals for curriculum materials, training, and related supports as part of the COVID-19 Crisis/Emergency Funding Assistance for Early Learning/Child Care Providers American Recovery Plan (ARP) Act. Activities are to begin immediately and conclude by November 1, 2023.

Preschool Curriculum -- Materials, Training, and Other Supports

The Coalition's goal is to continue to help retain and support preschool teachers throughout Polk County by providing them with tools aimed at supporting student success and increasing kindergarten readiness skills. To this end, the Coalition is seeking specific curriculum materials, training, initial and ongoing coaching, in-service workshops, consulting services and/or fidelity tools which will empower teachers to provide intentional, developmentally appropriate instruction for preschool students. The Coalition recognizes that the implementation of a developmentally appropriate curriculum is the fundamental building block of a high-quality program that improves the school readiness skills of all children. A curriculum includes the objectives for the knowledge and skills to be gained by children and the implementation strategies for learning experiences facilitated by teachers.

Through this project, the Coalition is seeking to offer providers the opportunity to choose a curriculum (and related coaching, training and/or other supports) from a list of selected vendors. Each vendor's curriculum must be research-based, developmentally appropriate, and it must be listed on the School Readiness and/or VPK Providers on Probation curricula list approved by Florida's Division of Early Learning.

Each proposal must address the following:

- Provide an overview of the company/vendor, including expertise of personnel.
- Provide an overview/description that contains the philosophy, rationale/theory and basic components of the curriculum.
- Provide a clear, concise cost breakdown of each curriculum component (for example: kits for each age group, support materials, etc.) and show how the curriculum meets standards for preschool-age children.
- Show/describe examples of core curriculum components.
- Provide research demonstrating the validity and effectiveness of the curriculum.
- Show alignment with Florida's Early Learning & Developmental Standards.
- Show a direct link/alignment to STAR, CLASS and Teaching Strategies GOLD.
- Confirm/provide proof showing that the curriculum is listed on the most recent Division of Early Learning Approved Curriculum List(s) for School Readiness and/or VPK Providers on Probation in Florida. Any curriculum that is not ALREADY listed on the statewide approved list will NOT be considered as part of this RFP.
- Describe previous experience providing curricula materials and training for nonprofit organizations, childcare programs, etc.
- Describe how the training will be customized to meet the needs of participants (including teachers and/or directors, both new and seasoned), and include a brief description about how participants will be trained to implement all curriculum components in their classrooms.
- Provide sample agendas which outline both the initial and/or any ongoing curriculum training. Training can be in-person or virtual. Training requirements must include:
  - 3-5 hours of initial training. (\*Note -- In order to meet the needs of participants, trainings may need to be offered on a variety of dates and times, including weekdays and weekends during daytime and evening hours.)
  - The number of participants allowed to attend each in-person or virtual training.
  - The platform that will be used to host the trainings virtually, if applicable.

## Curriculum Expansion and Implementation

- Selected vendor(s) will handle registration and will provide participant names to the Coalition; In-service certificates must be provided at the end of the training – please describe the process for getting the certificates to the participants.
  - Pre/post training evaluations must be completed as part of the Coalition’s funding. Please explain how this will be handled and how these will be shared with the Coalition.
- Vendors must be available to communicate with providers directly as needed. Please describe how this will be handled.
- Describe the shipping/delivery process. All materials would need to be shipped directly to participating providers. Addresses and other details would be provided by the Coalition. Tracking and delivery confirmation information would need to be made available to the Coalition.
- Initial and/or ongoing coaching– please describe initial and ongoing coaching processes/techniques/models. \*Note -- In an effort to assist specific low-performing VPK providers who have been identified as needing additional supports (based on progress monitoring data, program assessment scores, or other information), vendors that can provide ongoing coaching supports (on-site or virtual) are preferred.
- In-service workshops – please describe the availability of workshops sessions which would be offered, if any.
- Consulting services – these services may be delivered via webinar, online, or face-to-face. Please describe, if applicable.
- Fidelity tool – please describe or provide a copy of the curriculum fidelity tool, if applicable.

For additional consideration, the Coalition will accept a sample of the curriculum listed in a proposal in order to ensure the quality of the materials.

**2.2 Payment**

The minimum amount of available funding is \$381,801.20. The total amount of funding available may be distributed among multiple qualified vendors. Payment will be released upon receipt of all materials, training, or other supports.

**2.3 Time Requirements**

All materials and training described under the Scope of Work must be delivered by November 1, 2023.

**2.4 Primary Point of Contact**

**F. Pro-Children Act of 2001/Environmental Tobacco Smoke Certification**

## **CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE**

The Pro-Children Act of 2001, 42 U.S.C. 7181 through 7184, imposes restrictions on smoking in facilities where federally-funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

**B.CCDF Salary Cap annual testing requirements**

## Curriculum Expansion and Implementation

1. The Consolidated Appropriations Act of 2012 (P.L. 112-74), enacted December 23, 2011, and the annual Consolidated Appropriations Act public laws enacted since, limit the salary amount which ELCs may charge to grants and cooperative agreements which the Administration of Children and Families (ACF) funds. ELCs may not use CCDF award funds to pay an individual's salary at a rate more than the annual maximum Executive Level II federal pay rate. The Federal Executive Pay Scale maximum annual Executive Level II salary for calendar year 2023 is \$212,100 and is accessible annually at the U.S. Office of Personnel Management website. This amount reflects an individual's base salary without fringe benefits and income an individual may earn outside of the duties to the applicant organization. The ELC shall apply this salary limitation to subawards/subcontracts under this agreement. The ELC's subrecipients shall:
  - 1.1. Not use grant funds to pay for salary costs that exceed the CCDF cap.
  - 1.2. Allocate salaries which multiple funding sources pay and compare these calculations to received program benefits.
  - 1.3. Perform and document an annual analysis using W-2 data.
2. All CCDF-funded grantees and subgrantees are responsible for assuring compliance with this provision. All such CCDF fund recipients and subrecipients are responsible for enforcing other impacted entities of this compliance requirement.
3. All CCDF-funded grantees shall comply with salary cap reporting requirements outlined in this section.
4. All CCDF-funded grantees that request salaries for individuals in excess of the applicable 2023 rate of \$212,100 per year (or \$101.97 per hour for a full-time position of 2,080 hours per year) will have the submitted costs adjusted in accordance with the legislative salary limitation. The non-federal entity/grantee will be notified of this adjustment and no funds will be awarded, committed or disbursed in excess of the salary cap.
5. An individual's institutional base salary is not constrained by the legislative provision for a limitation of salary. The rate limitation simply limits the amount that may be charged to federal/state grant programs/awards. For individuals whose salary rates are in excess of Executive Level II, the non-federal entity may pay the excess from non-DEL funds.
6. The salary limitation also applies to all subawards and subcontracts.

**C.Compensation report requirements**

In accordance with Executive Order 20-44, each grantee meeting the following criteria shall provide to the department an annual report in the format required by the department: 1) all entities named in statute with which the agency must form a sole source, public private agreement and 2) all entities that, through contract or other agreement with the State, annually receive 50% or more of their budget from the State or from a combination of State and Federal funds This report shall detail the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. In addition, the grantee shall submit with the annual report the most recent Return of Organization Exempt from Income Tax, Form 990, if applicable, or shall indicate that the grantee is not required to file such Form 990. This report shall be submitted by March 1 of each year. Executive Order 20-44 may be obtained via this link:

Pursuant to ss. 1002.71(1) and (7), F.S., s. 1002.89, F.S., and 45 CFR part 98.56, the VPK and SR Programs are independent programs with separate state and federal funding. All ELC expenditures made and fiscal records maintained shall reflect funds expenditure separation and such funds shall be distinctive and clearly identifiable in all fiscal records the ELC maintains. The ELC hereby certifies it will expend all:

1. SR (Child Care and Development Fund, TANF, Social Services Block Grant and General Revenue and matching) funds solely for operating the SR Program.

2. In accordance with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the ELC shall procure items designated in the Environmental Protection Agency (EPA) guidelines at 40 CFR Part 247 which contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, unless the ELC determines such items:

8. Proceeds received from the sale of property with a current per unit fair market value up to \$5,000 may be retained at the ELC level to be used to support ongoing operations of the same program that obtained or purchased the property item(s) sold. Funds from such sales will be treated as other program income in the same ongoing program(s). This type of income must be amended into a current year's program budget in which the sale occurred. It shall then be reported in accordance with DEL Program Guidance 240.01 – Cash Management Procedures. This identification of income is necessary to meet reporting requirements of HHS. Complete documentation for this type of income and expenditures must be maintained for monitoring and auditing purposes. If the ELC no longer receives funds for the particular project or program, the income from such equipment sales will be returned to the Division to be forwarded to the US DHHS. Upon termination of a project, and at the discretion of the Division, all equipment/property purchased with project funds will be transferred to the location(s) specified by the Division and all necessary actions to transfer the ownership records of the equipment/property to the Division, or its designee, will be taken. ### **PUBLIC ENTITY CRIME AFFIDAVIT**

I understand that a “public entity crime” as defined in Paragraph 287.133(l)(g), Florida Statutes means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any entity, agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

I understand that “convicted” or “conviction” as defined in Paragraph 287.133(l)(b), Florida Statutes means a finding of guilt or a conviction of a public entity crime with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment after July 1989, or as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.

I understand that an “affiliate” as defined in Section 287.122, Florida Statutes means:

A predecessor or successor of a person convicted of a public entity crime; or an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of the affiliate.

The ownership by one person of shares constituting a controlling interest in another person, or pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

I understand that a “person” as defined in Section 287.133 Florida Statutes means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

\_\_\_\_ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies)

\_\_\_\_ There were proceedings concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list.

\_\_\_\_ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. #### Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

### **CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE**

The Pro-Children Act of 2001, 42 U.S.C. 7181 through 7184, imposes restrictions on smoking in facilities where Federally-funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.
